

altCensored.com Press Kit

altCensored.com is an Unbiased Community Catalog of YouTube (YT) Censored Videos, begun in February 2019. Unregistered 'not for profit', and open source (<https://gitlab.com/altCensored.com/altcensored>).

Censored videos are those that have been placed in "Limited State" or completely removed by YT, or self-censored by the YT channel owner (<https://www.altcensored.com/about/>).

Our goal is to raise awareness of increasing online censorship by becoming the reference for YouTube censored content through a community effort across ideological lines.

In October 2020 we assisted the legal team at "[PunchGoogle.com](https://punchgoogle.com)" with their lawsuit against YouTube.
